Office Memorandum • UNITED STATES GOVERNMENT

TO : Assistant Director, ORE

DATE: APR 20 1950

FROM : Director of Central Intelligence

10521

SUBJECT: Unauthorized Disclosure by Department of Commerce of CIA
Participation in Export Control Program.

- REFERENCE: (A) Memorandum dated 7 April 1950 for the DCI from
AD/ORE, Subject as Above.
- (B) Memorandum dated 7 October 1947 to the AD/OCD from the
DCI, Subject: "Security Policy for Dissemination of
Written Intelligence Material to Departments and Agencies
Other than IAC Agencies".

1. The unauthorized disclosure problem outlined in the reference will be informally discussed between representatives of the Chief, I & S Staff and the Security Officer and the Liaison Clearing Authority of the Department of Commerce followed, if necessary, by a written confirmation. This procedure, together with the representations already made by the CIA representative on the Advisory Committee on Requirements to the appropriate officials of the Department of Commerce, should be adequate until such time as an interdepartmental committee working on related phases of this problem can implement its program throughout the federal establishment.

2. As an additional precautionary measure, a control statement similar to the one outlined in Paragraph 2.e. of Reference (B) but appropriately modified to fit your needs will be attached to any classified material disseminated to the Chairman of the Advisory Committee on Requirements. This statement will also include an admonition that CIA participation in the work of this Committee or in other activities of the Department of Commerce should not be publicized in any manner.

3. ORE participation in the export control program should be continued in accordance with our commitments.
